RALEIGH, NORTH CAROLINA

Home of NC State University, Raleigh blends the fun and excitement of a big city with the hospitality and charm of a small U.S. Southern town. Situated midway between the Blue Ridge Mountains and the Atlantic Ocean, the beach and the mountains are both a two to three hour drive away. Plus, with a climate that is mild year round, it’s easy to see why Raleigh is consistently rated among the best places to live and work in the United States.

RESEARCH TRIANGLE PARK

North Carolina’s capital city is located in the heart of the state and minutes from the world-renowned Research Triangle Park (RTP), the largest research park in the world. Opportunities may be available for students looking to complete Academic Training/Internships, class projects, or corporation visits.
CAMPUS LIFE
Life at NC State features a great balance of academic enrichment, campus social life, and recreational opportunities.

Exchange students can get involved with intramural sports teams, take fitness classes, and join any of the 600 clubs and organizations such as the Cultural Exchange Network. Students can also participate in the performing arts and take classes at the Craft Center.

“I had never lived in a dorm before and it is an experience that I will never forget. It was awesome.”
- Mitch Caitlyn, Fall ’11, University of Western Sydney

ACCOMMODATION
Students are encouraged to live in Global Village (GV) where the residents are those interested in living and interacting with people from different backgrounds and countries. GV is comprised of 50% American students and 50% international students living in Alexander Hall, truly making it a global village.

Another option is Wolf Village, an on-campus apartment complex for NC State upper classmen and graduate students. Students who live off campus must arrange their own housing.

HOW TO APPLY
If you are interested in studying at NC State University, please contact your university’s Study Abroad Office for more information, application instructions, and deadlines.

SUPPORT
The Study Abroad Office (SAO) will be here to support and help students find their way. Students will be assigned a regional advisor based on their home university, who will offer support throughout their exchange. This makes the transition to a new university easier.
