

# STUDY ABROAD

## Civil, Construction, & Environmental Engineering

---

### AUSTRALIA

### WHY SHOULD YOU STUDY ABROAD?

- Fulfill major, minor and GEP requirements that count toward your degree.
- Distinguish yourself in the workplace with **global competencies**.
- Build independence, problem-solving skills and perspective to face the grand challenges of society.
- Develop foreign language skills to eliminate language barriers and enhance communication with colleagues at all levels in the workplace.

### CHINA

### CZECH REPUBLIC

### PLAN AHEAD

- Well prepared students typically start a year in advance.
- Attend the Study Abroad Fair, typically held in late September.
- Make an appointment to discuss plans with your academic advisor.

### SPAIN

### HOW TO APPLY

- Attend a general advising session hosted by the Study Abroad Office.
- Visit [studyabroad.ncsu.edu](http://studyabroad.ncsu.edu) for information and resources on:
  - Available Programs
  - Transfer Credit Database
  - Scholarships & Financial Aid
  - International Internship Opportunities

### SOUTH AFRICA

### UNITED KINGDOM

“Study abroad was an amazing way to fulfill both my Civil Engineering and GEP requirements. I loved having the opportunity to complete my GEP courses with fun and interesting courses related to the country I was living in while remaining staying on track with my degree!”

Ragin Pace  
University College Cork, Spring 2014

# FEATURED SEMESTER PROGRAMS

The following programs have been identified as best-fit programs for **Civil, Construction, and Environmental Engineering** students; however, students are welcome to participate in other programs.

## **AUSTRALIA** | University of Adelaide

A leading research university and strategic partner to NC State, Adelaide offers a broad range of courses - plus additional support services to start the semester! This program is ideal for study in the spring of the second year or may work for fall of the junior year.

## **POLAND** | Global STEM Semester

This program for STEM majors provides additional on-site student support services from NC State faculty. Students will take courses at Adam Mickiewicz University in the beautiful and historic riverside city of Poznan.

## **SOUTH AFRICA** | University of Cape Town

Located in an historic, cosmopolitan city with a vibrant multicultural atmosphere, UCT offers a variety of courses in engineering.

## **SPAIN** | Universidad Politecnica de Valencia

Specializing in technology, UPV offers a variety of engineering courses taught in either Spanish and English while being located in the beautiful Mediterranean city of Valencia.

## **SWEDEN** | Lund University

The medieval city of Lund provides a dynamic and entrepreneurial environment with a thousand years of history and academic excellence. The university offers many courses in engineering.

## **UNITED KINGDOM** | University of Leeds

Leeds is a top university in the United Kingdom and is internationally acknowledged as a center of excellence in a range of disciplines. It offers courses in many engineering fields.

---

# FEATURED SHORT TERM PROGRAMS

**AUSTRALIA** | International Summer Research & Training in Sydney (Summer) Perform cutting edge research related to Materials for Energy Storage and Transduction while becoming a part of the international materials research community. Not for credit.

**CHINA** | Engineering, STS and International Relations (Summer) Based in beautiful Hangzhou, enroll in two of the following course options for six credits. **Credit:** MAE 495, STS 395 Geographies of Energy, PS231, or FL 395 Intensive Chinese.

**PRAGUE INSTITUTE** | Civil & Construction Engineering (Summer) Experience Czech culture and engaging with Czech companies through site visits and tours. Fulfill a key CCEE course, while also completing a general education requirement utilizing Prague as the classroom.

**SPAIN** | Language, Technology and Culture in Segovia (Summer) Study intensive language through the lens of technology. Excursions to aqueduct and textiles factories. **Prerequisite:** FLS 201 or equivalent. **Credit:** FLS 212, FLS 295/395.

**UNITED KINGDOM** | London General Studies (Summer) This five week program is a great way to fulfill general education course requirements in a foreign setting while participating in cultural excursions and with various sites of interest throughout the city of London.
