ADVISING

Study Abroad and Graduate On Time!

Talk to your Academic Advisor to identify a time in your degree plan to study abroad & discuss the best courses to take abroad.

FUNDING

Use a Combination of Resources!

Financial Aid travels with you. NC State will award more than \$400,000 in study abroad scholarships - \$100,000 of the study abroad scholarship funds are just for engineering undergraduate students! Personal fundraising is effective to raise additional funds. Most students use a combination of aid.

Featured Programs

SEMESTER PROGRAMS

Australia
University of Adelaide

A leading research university and strategic partner to NC state, Adelaide offers a broad range of courses and additional student support at the start of each semester.

Poland
STEM Semester

This program for STEM majors provides additional on-site student support services from NC State faculty. Students complete NC State courses in the beautiful and historic riverside city of Poznan. Sample Courses: PY 205/208 and PY 206/207, MA 242, MA 341, and MA 405 ST 311 and ST 370 plus others.

Ecuador Universidad
San Francisco de Quito

Surrounded by the green slopes of the Andes, Quito is one of most picturesque cities in Latin America. While in Quito, students take major-specific or GEP courses taught in Spanish.

Hong Kong Polytechnic
University

HKPU offers a variety of English-taught courses in addition to general education, language, and culture courses.

Ireland: University
College Cork

Located at a seaport, Cork is the bustling, commercial, and cultural center for southern Ireland.

Namibia
Engineering and Drones

Participants will be trained to fly unmanned aerial vehicles and will assist the Ministry of Environment and Tourism and private landowners of Namibia with the protection of their endangered wildlife.

Spain: Universidad
Politecnica de Valencia

Specializing in technology, UPV offers a variety of engineering courses while being located in the beautiful Mediterranean city of Valencia.

Sweden
Lund University

The medieval city of Lund provides a dynamic and entrepreneurial environment with a thousand years of history and academic excellence.

Taiwan: National Taiwan
University

Located in the heart of Asia, NTU is known for their academic excellence and cutting-edge research with a wide range of courses taught in English.

United Kingdom
University of Manchester

UM, among the top universities in the world, offers courses in a number of engineering fields, including civil, electrical, and much more.

SHORT TERM PROGRAMS

China: Engineering at
Shanghai Jiao Tong - UM
Joint Institute (Summer)

Complete a full semester of studies in China this summer. A wide variety of courses are offered at this English-speaking institute with a wealth of cultural excursions and support. Ideal for rising sophomores or juniors from any engineering program.

China: Engineering,
STS, and Int'l Relations

Led by NC State faculty, fulfill major or GEP requirements while experiencing China, a growing economic and political player on the world stage. Credits: MAE 214, ST Geographies of Energy, PS 231 International Relations, or Chinese language.

Czech Republic: NC
State Prague

Prague offers a chance to spend time in one of Europe's most beautiful cities. Courses fulfill general education requirement. (tentatively) E102 Engineering in the 21st Century.

Spain: Language, Tech,
and Culture in Segovia

Study intensive language through the lens of technology. Excursions to aqueduct and textile factories. Prerequisite: FLS 201 or equivalent. Credit: FLS 212, FLS 295 & 395

UK: London STEM and
Liberal Studies

Fulfill major engineering requirements like ENG 331 and ISE 311 while utilizing London as your classroom. Explore through cultural excursions to museums, British High Tea, and a West End performance.
