

Study Abroad Course Pre-Approval

Read Carefully

Course Approval Instructions

1. **Review Degree Audit:** in consultation with an academic advisor, students should determine remaining degree requirements to identify the ideal courses to take abroad.
2. **Identify potential courses at the host institution:** course options and syllabi/descriptions are available on most host university websites. Students can access this information by visiting the “Academics” tab on their host institution’s program page in Pack Abroad. If students have trouble finding course information, they should consult with their study abroad advisor.
 - Students studying abroad for a semester are required to be enrolled full-time at their host institution and should be taking the equivalent of 12 US Credits at minimum.
 - In some case, final registration may not take place until arrival at the host institution; therefore it is imperative that students select alternate courses. Seek approval for twice the number of credits required.
3. If courses have not been previously approved in *Transfer Credit Database*, send the syllabi (or descriptions) to the departmental and college contacts listed below.
 - The departmental review may take **up to 2-3 weeks**, so students should submit this form and course information well in advance of the [study abroad application deadline](#).
 - If the course is listed in the [Transfer Credit Database](#), please mark in the box accordingly.
 - To request a course to be reviewed for a different equivalency, submit the syllabi/course descriptions and notify the reviewer.
4. Submit **signed** course approval form to [Study Abroad](#) via email. It is not necessary to submit the instruction page. A completed copy will be attached to each student’s application.
5. The course approval form must be completed **with all necessary signatures** by the [study abroad application deadline](#) for the respective cycle. **Course approval forms without signatures by the application deadline may not be accepted.**
